TUESDAY EVENING, MAY 13, 1902

LOCAL MATTERS.

Sun rises tomorrow at 4:55 a. m. and sets 7:30 p. m. High water at 12:41 a. m. and 1:08 p. m.

WEATHER PROBABILITIES.—For this section, partly cloudy tonight and Wednesday; variable winds.

PERSONAL.—Mr. and Mrs. Archer Anderson, of Richmond, and Mr. and Mrs. White, of Norfolk, arrived here today, and, accompanied by Mr. G. L. Butler, went to Mount Vernon, where they were received by the Vice Regent of the Mount Vernon Ladies' Association, Governor and Mrs. Montague.

Miss N. E. Ferguson entertained quite a number of her friends last evening. Among the guests was Mr. Charles T. Leight, of Baltimore.

Mr. P. Colchester, who has recently been suffering from a malignant growth upon his face, will leave tomorrow for Boston, where he will enter a sanatorium for a six-weeks' treatment.

Mr. and Mrs. L. E. Under have returned from a trip to Jamaica. They were cabin passengers on the United Fruit Company's steamer "Barnstable," which arrived at Baltimore yesterday from Jamaica.

Mr. Under is much improved in health and says his trip was a most delightful one.

Mr. W. T. Taylor and son of Cambridge, Md., are visiting in this city.

Mr. Peter Astryke, for a long time with the Virginia Glass Works, but who has recently been at the company's works in Richmond, has returned and for the present will be engaged at the plant in West End.

Mrs. John G. Cockey and Mrs. Geo. McArthur and son have returned from a visit to Baltimore city and county.

RIVER NOTES.—The four-masted schooner James E. Drake, which has been loading railroad ties for Boston, cleared from W. A. Snoot & Co's wharf today.

The schooner Murray Vandiver, which arrived Sunday from Severn river with sand for the Old Dominion Glass Works, cleared this morning from the same wharf.

The four-masted schooner Frank J. Seaton, which arrived Sunday from Charlotte Harbor, Fla., with pebble rock for the Alexandria Fertilizer and Chemical Company, is having part of her cargo removed by lighters, drawing too much water at present to get into the dock.

The Norfolk steamer was delayed about an hour in her arrival here this morning by fog, which extended from Maryland Point almost to this port.

AFTER NUISANCES.—The police are now at work forcing out nuisances and compelling people to place their premises in sanitary conditions. The late George W. Rock, among other observations, became aware of the fact that a poor man kept one dog and an exceedingly poor man two. Officer Griffin while exploring the first yard yesterday entered a house recently occupied by an old colored man. The former tenant had left a foul outhouse and eight lean and hungry dogs. It was ascertained that the derelict was in no condition financially to clean up the premises and the work will be done at the expense of others. The Mayor ordered the dogs to be killed. Mr. Griffin succeeded in capturing five out of the eight and took them to the shipyard where they were drowned.

BOARD OF HEALTH.—A meeting of the Board of Health was held last night in the office of the City Treasurer. In the absence of the secretary, Mr. M. T. Dwyer was elected secretary pro tem. Dr. E. A. Gorman presided. The resignation of Mr. W. L. Hoy as a member of the board was read and accepted, and Mr. James F. Peyton was elected secretary to fill the vacancy. The resignation of Mr. S. A. Mankin as a member of the board was also accepted.

Mr. Lucian C. Smith was elected a member of the board to fill the vacancy caused by the resignation of Mr. Hoy, and the election of a member to fill the vacancy caused by the resignation of Mr. Mankin was deferred. Some routine business was disposed of.

POLICE COURT ITEMS.—There was but one case before the Mayor this morning, that of two colored women who had gone to court to settle a wrangle. The plaintiff started to unfold a tale which would have taxed the patience of the Caudine patriarch, when his honor broke it to an abrupt termination by asking what the defendant had done. The complainant could urge nothing save the free use of her tongue. The Mayor had heard enough and quashed the case.

Walter Hughes reported that he had lost a watch at a dance in Old Fellows' Hall last night.

Three lodgers were at the station house last night.

CLOSING EXERCISES.—The closing exercises of the William McKinley Normal Industrial School, colored, took place yesterday afternoon. A large number, including some white persons, were present. The exercises were opened with remarks by Magnus L. Robinson. Rev. H. B. Robinson then offered up prayer. Letters of regret at being unable to attend were read from Secretary of State Hay and Mr. Cortelyou, secretary to the President. A musical and literary programme was rendered, to which the scholars participated.

Prof. Jesse Lawson, colored, of Washington, subsequently delivered an able address on "The Pressing Needs of the Hour."

REPAIRING THE ROAD.—The work of repairing the Washington and Alexandria trolley has proceeded as far as Four-mile run. The work will be continued north to the south end of the Long Bridge, and by the end of the summer the road will, in a measure, be an improvement on that of past years, although the work is not thought to be of a nature to last long as the amount of money to be expended is limited. It is to be regretted that a modern road cannot be constructed by the time the new Long Bridge is completed. It would be of incalculable benefit to Alexandria.

NOT AN ALEXANDRIAN.—James Downey, who was one of the party with the young Washingtonian who was drowned from the Long Bridge Sunday morning, lives in the capital city, and is not a native of Alexandria, as some seemed to have supposed who read the item in yesterday's Gazette. Downey, it will be remembered, was held by the Washington authorities until the facts in connection with the drowning could be learned.

THE BOND ISSUE.—Some people living in the extreme southwestern portion of the city have announced their purpose to vote against the bond issue, alleging that but few improvements are being made in the locality in which they reside. Those living on Henry street, between Wolfe and Gibson, are especially loud in their complaint. They allege that the street between Duke and Wolfe when paved by the Southern Railway company should have been at least improved from the depot to Gibson street. Ten years ago the government constructed a roadway on Wilkes street from Alfred to the National cemetery. It was thought at that time that the city should have made suitable improvements to the cross streets in that section. The directors are radical in their complaints and have passed beyond the bounds of reconciliation, so much so that should the two squares be improved beyond now and election day their purpose to vote against the bond issue will be unchanged. Those interested in the fate of the bond bill should endeavor to pour oil on the troubled waters.

MOUNT VERNON REGENTS.—At Mount Vernon tomorrow, at 2 o'clock, an interesting event will occur in the presentation to the board of regents of a portrait of the great cavalry leader of the Revolution, Col. William Washington, with a fac simile of his little flag. The portrait is a copy of the one in Independence Hall, Philadelphia. These efforts are from patriotic women of South Carolina, including three great-nieces and three great-granddaughters of Col. Washington. A member of the South Carolina delegation in Congress, probably Representative Elliott, will deliver a short address.

BODY FOUND.—The body of an unknown colored lad, about fifteen years old, was found floating in the river at Riverside Park, yesterday afternoon. The drowned boy had evidently been a cook's helper, as he wore an apron. He had on a pair of blue overalls, dark shirt, and dark vest, but no coat. The body had been in the water several days at least, but the features were in a good state of preservation. The remains will be buried at Riverside unless identified and claimed by relatives or friends.

ALARM OF FIRE.—The alarm of fire shortly before eleven o'clock last night was caused by the explosion of a coal oil lamp in a house occupied by colored people on the south side of Wolfe street, between Columbus and Alfred. Some bed clothing took fire, but a bucket brigade soon arrived on the scene and extinguished the flames before much other damage had been done. Several colored women flustered from excitement before the danger was over.

HOUSES IN DEMAND.—One of the signs that Alexandria is on an upward move is the fact that dwelling houses—or suitable ones—are becoming more in demand every day, while about all the stores on King street are at present occupied. In a few months' time, when factories now in process of erection and preparation are put in operation the demand will be still more active.

ANNIVERSARY MEETING.—The Friendship Epworth League of the Trinity Methodist Episcopal Church will tonight celebrate the thirteenth anniversary of its organization. Rev. Edward L. Hubbard of McKendree Church, Washington, will make an address. A special musical programme will be rendered, and an enjoyable evening is anticipated.

THE LAST RUN.—Seven hundred herring and four shad had arrived at Fishtown up to nine o'clock this morning, and not a sail was in sight. The cutters were idle, some sitting by the sides of tubs asleep in the mellow sunshine and others were angling from the wharves. The gillnet report very unsatisfactory result of their toils.

LECTURES POSTPONED.—The second course of Reinecker lectures which was to have commenced at the Theological Seminary yesterday, has been postponed until next fall, owing to the recent death of Dr. Packard. Dr. Patton, of Princeton University, will deliver the postponed lectures next October.

CHARTER.—Judge Norton today granted a charter to the English Telegonore Company, the objects which are to purchase, manufacture and sell all kinds of electric and magnetic devices, etc. The capital stock is \$15,000 and Mr. Stilson Hutchins, of Washington, is president. Mr. J. T. Callahan is the local attorney.

LOCAL BREVITIES.—Two young Alexandrians who went to Riverside Park Sunday for the purpose of witnessing a game of baseball, missed the last train and were forced to remain at the park until next morning.

The Presidents yacht Sylph with a party of government officials on board passed this city about one o'clock today on her way down the river. This gave rise to a rumor that the President was going to pay a visit to Mount Vernon.

A dog fight took place across the river last night between a canine owned by Alphonso Arrington and a specimen of fighting stock from Fairfax, Pa. The Alexandria dog allied with his antagonist after fighting at intervals for one hour and forty minutes.

The President's yacht Sylph with Mr. Roosevelt and party on board passed this city this morning for Mount Vernon where they attended a meeting of the Mount Vernon Regent.

The annual meeting of stockholders of the Gladstone Apartment House Company was held in this city this evening for the transaction of business of interest to that company.

The thirteenth anniversary exercises of Friendship Chapter No. 12751, of Trinity M. E. Church, will be held tonight. An interesting program will be rendered.

The monthly meeting of the Seventeenth Virginia Regiment Chapter, U. D. C., will be held in Lee Camp Hall tomorrow (Wednesday) afternoon at 3 o'clock.

Employees at St. Asaph were kept busy all last night packing tents and other articles for the relief of the unfortunate people in Martinique.

The Citizen's Protective League has issued a circular appealing to the voters to support the bond issue movement at the polls on the 22d.

G. E. Price & Co. will have a supply of saltwater trout, rock, andurgeon and a variety of other kinds of fish for sale tomorrow.

The weather today has been clear and warm.

The City Council meets tonight.

GOODS DELIVERED IN ALEXANDRIA.

A BIG SNAKE.—A black snake of remarkable size was killed three miles west of Winchester on Saturday afternoon. The reptile measured 13 feet 2 inches in length and was 16 inches in circumference. For many years past the snake had terrorized the neighborhood because of its size and voracity, and to those who had never seen it the snake was regarded as a myth because of its unheard-of proportions. The reptile was seen in a field by H. C. Sherman while plowing. It caused his horse to run off, and was later chased to the roadside. In reaching the road the snake literally leaped a high fence, and was killed after a terrible fight by three teamsters. Hundreds of incredulous people viewed the carcass and measured the snake.

DANGEROUS IF NEGLECTED. Burns, cuts and wounds often fail to heal properly if neglected and become troublesome sores. DeWitt's Witch Hazel Salve prevents such consequences. Even where delay has aggravated the injury DeWitt's Witch Hazel Salve effects a cure. "I had a running sore on my leg thirty years," says H. C. Hartly, Yanketown, Ind. "After using many remedies, I tried DeWitt's Witch Hazel Salve. A few boxes healed the sore." Cures all skin diseases. Pills yield to it at once. Beware of counterfeits. For sale by E. S. Leachester & Sons.

DIED. On Tuesday, May 13, 1902, at 7:30 A. M. HUGH JOSEPH, son of O. J. and Bertha Hughes, aged 7 years. Funeral from the residence of his parents, No. 1301 King street Thursday morning at 10:30 o'clock. Friends of the family are invited.

tobacco is the only kind we use in the manufacture of our various brands of cigars. Buying in large quantities as we do, our supply of properly cured stock is always abundant for our needs. Our workmen are skilled in their business, and all our cigars are union made, and union wages are paid for the making. Just such material and just such workmen have made for us the reputation and prosperity we now enjoy, and which we hope to retain by maintaining the high standard of our goods.

Our cigars are sold everywhere.
